

New Homes \$600,000 - \$1 Million

With stunning rural views of the Kaimai Range, this eco-friendly home is a seamless balance of style and easy living. Features include schist walls and high ceilings looking down from upstairs. Every single wall in the house has eco-wool insulation and noise-control Gib. Other features include solar water heating and eco-friendly lighting, creating a very comfortable home year round.

Insulated garage door. Polystyrene around exterior of foundation.

GIB Living Solutions Award

Every interior wall is lined with Gib Noiseline.

PlaceMakers Heart of the Home Kitchen Award

Well-balanced kitchen design allowing family to move through at busy times, and great looks.

Outdoor Living Award

With stunning views to the Kaimai Range from inside to out. Louvre Tec louvres provide shelter from the sun or rain.

Pink Batts Ultra Energy Efficiency Award

Every wall is fitted with eco-wool insulation. Louvre Tec louvres shelter living areas from the summer sun. Solar 60 under-floor heating and hot water.
